

2nd Scientific Forum Series

MAY 25TH, 2021

01.00 PM – 04.00 PM (MYT)

MODE: MICROSOFT TEAMS

Theme: Machine Learning for Biomedical Application

Universiti Teknologi PETRONAS (UTP), Malaysia

Central Institute of Technology, Kokrajhar (CIT), India

SPEAKER 1

“Computer-aided diagnosis of congestive heart failure based on heart rate variability analysis”

Mr Dipen Deka

Assistant Professor, Department of Instrumentation Engineering, CIT Kokrajhar, India

SPEAKER 2

“Federated Learning for IoT”

Dr. Amitava Nag

Head & Associate Professor, Department of Computer Science & Engineering, CIT Kokrajhar, India

SPEAKER 3

“Extraction of Brain Signal for Assessment and Control”

Dr M Zuki Yusoff

Director & Associate Professor, Centre for Intelligent Signal and Imaging Research (CISIR),

Electrical & Electronics Department, Universiti Teknologi PETRONAS, Malaysia

SPEAKER 4

“R-Introduction to Data Visualization and Plots”

Mr Nirbhay Mathur

Research Scientist,

Electrical & Electronics Department, Universiti Teknologi PETRONAS, Malaysia
